## Code

GoHuntGeo

[gohuntgeo.herokuapp.com](http://gohuntgeo.herokuapp.com) | [github.com/cpbuckingham/GoHuntGeo](https://github.com/cpbuckingham/GoHuntGeo)

A game-based application for users to mark their travel locations within the US. A user's location is found using a geo-location algorithm and is marked on a map and tracked with a point system. The goal of this application is to travel the whole US

EdgeRocket

[edgerocket.co](http://edgerocket.co)

An application that aggregates smart new online resources to help employees build their knowledge base, acquire new skills, and grow professionally. It adds useful tools and content, giving a powerful support system that help companies become an amazing place to work

Rant.ly

[rantly.herokuapp.com](http://rantly.herokuapp.com) | [github.com/cpbuckingham/rantly](https://github.com/cpbuckingham/rantly)

An application similar to twitter that allows users to post, favorite, follow, and consolidate rants that express a user's opinions
