Education

Galvanize   June 2014 - November 2014
Six-month developer full stack training program that includes Ruby on Rails,
Sinatra, Javascript, CSS3, HTML5, Responsive Design, Database, APIs, Version Control, and
Test Driven Development (Rspec & Selenium)

Saint Mary's College of Maryland - B.A. Anthropology   May 2010

Code

GoHuntGeo   gohuntgeo.herokuapp.com | github.com/cpbuckingham/GoHuntGeo
A game-based application for users to mark their travel locations within the US. A user's location
is found using a geo-location algorithm and is marked on a map and tracked with a point system.
The goal of this application is to travel the whole US

EdgeRocket   edgerocket.co
An application that aggregates smart new online resources to help employees build their
knowledge base, acquire new skills, and grow professionally. It adds useful tools and content,
giving a powerful support system that help companies become an amazing place to work

Rant.ly   rantly.herokuapp.com | github.com/cpbuckingham/rantly
An application similar to twitter that allows users to post, favorite, follow, and consolidate rants
that express a user's opinions
